We had a half hour's very pleasant talk with our old friend, Dr. J. W. Wick, Tuesday morn-ing, who came here from St. Louis to vote. He is the same genial gentlemen he always was, and we are glad to say is enjoying splendid health.

Jacob Dinger returned last week from St. Louis, where he spent the past six weeks in the Lutheran Hospital. He is able to get about town, but is still weak and it will be possibly two or three months yet before he will be able to go to work again.

Mr. C. L. Ficklin, editor of the De Kalb County Herald, of Maysville-Mo., made a most excellent Democratic speech in the court house here last Wednesday night. The speech was unquestionably the best that has been delivered in Ironton in many a day.

The sad intelligence was re-

ceived here last Friday morning of the death the night before in Kan-sas City of Louis A. Immer, youngest child of the late Mr. and Mrs. Ferdinand Immer, of Pilot Knob. Death was sudden. Mr. Immer had that day made his run from St. Louis on the Missouri Pacific Railroad and seemed to be in his usual health. He was about to retire and was setting an alarm clock that he might waken early next morning and attend mass on All Saints' Day. The summons came and life was gone. The remains reached here Saturday afternoon, and the funeral was held from St. Mary's Church, Pilot Three or four men were recently arrested for burglarizing at Pevely, in Jefferson county, and are now in jail at Hillsboro. The High School inspector, Mr. Nelson Kerr, of the State Department of Education, made his regular annual visit to our High School last Thursday. He expressed himself as well pleased with the progress Ironton was making; though it was wonderful that we had done so much with such a low tax levy. Said that the work and qualifications of the teachers were up to standard for approval for first class High School work, but he pointed out that all the equipment in laboratory and library were not all that they should be, and that the schools should spend more money on equipment. The only reason this requisite has not been met is for lack of funds. The community must wake up here and vote more money for the Ironton school. The Board of Educa-tion can't make the school what it should be without sufficent funds. The quick growth of the school from an unclassified school to one of first class has made sudden demands on the funds that have been unable to be met. They should have been met had it not been necessary to build sidewalks and put in a furnace, this has been done so far without an increase in tax levy, but it has greatly hampered the equipment and needed repairs on the building. We are anxious to learn what will be the outcome of the classification this year. feel that on account of the excel-lence of the work done with what equipment the school has, the inspector will ask the State Superintendent of Schools to wave this slight deficiency and put our School on First Class List.
